Richard Fraser, CEO of Frenkel Topping, said:

"Despite the continued challenges presented by COVID-19, we have delivered another excellent performance in the first six months of 2021, increasing revenue, EBITDA and AUM year-on-year by 93%, 118% and 15% respectively. Our portfolios have continued to perform well, delivering returns that have been notably ahead of the broad UK equity index (FTSE All Share Total Return Index) over the 18 months to June 2021.

"Since our £13m capital raise in July 2020, we have successfully executed our stated buy and build strategy which is positively impacting the Group's growth and opportunity by consolidating the fragmented PI and Clin Neg market and allowing Frenkel Topping to become a full-service provider with multiple touch points across the space. The acquisitions of Forths, Partners in Costs, A&M Bacon and, most recently, Bidwell Henderson, allow us to scale routes into growing AUM mandates from successful claims.

^{**}EBITDA before share based compensation, M&A strategy and reorganisation costs

"The second half of the year has begun positively and trading remains strong and in line with management's expectations for the full year. The Board is confident of our future and that we have the right culture, resources and expertise to continue to grow our business organically, execute our roll-up strategy and become the market leader in providing a full service offering to clients and claimants in PI and Clin Neg."

CEO Statement

In the first half of the year we continued to generate high levels of new business and Assets under Management (AUM) increased strongly by 15% as we maintained our focus on protecting and creating value for our clients' assets. Simultaneously we have concentrated on the execution of a focused acquisition strategy and the integration of the new group businesses - the success of which can be seen in a strong set of numbers for the half year.

Since successfully completing an oversubscribed placing and raising £13m (gross) in July 2020, we have completed a number of acquisitions to become one of the largest players in the pre-settlement professional services market for Personal Injury and Clinical Negligence.

Over the first half of 2021 we have started to see the cumulative impact of our recent acquisitions and the effectiveness of integrating the new Group businesses in close succession, maximising the clear synergies that exist in cross-sell opportunities, shared data, resource and marketing opportunities at Group level.

Our ultimate vision is to become the market leading, full-service provider in the PI and Clin Neg markets, optimising the routes into growing AUM mandates from successful claims. In H1 2021 we have developed our 'Working in Partnership' programme which allows law firms to engage with Frenkel Topping Group across its multi-service offering.

The Working in Partnership programme has delivered excellent results with a number of major law firms choosing Frenkel Topping over our competitors for a significant proportion of their workload.

During this unprecedented time, we delivered a strong financial and operational performance and are pleased to announce that we will pay an interim dividend of 0.34 pence per share, an increase of 6% (H1'20 0.32 pence) reflecting the Board's confidence in the Group and its future prospects.

A strong first half performance

We delivered a strong set of results for the six-month period to 30 June 2021, with revenue increasing by 93% to £8.5m (H1'20: £4.4m) of which £4.3m (H1'20: £3.5m) related to recurring revenues. Gross profit rose by 80% to £4.5m (H1'20: £2.5m). The Group has a strong balance sheet with total assets of £33.8m (H1'20 £14.0m) and net cash of £4.4m (H1'20: £0.8m).

Frenkel Topping has enjoyed strong organic growth and delivered £73m of new investment mandates in the first half of the year, in addition July saw significant new mandate wins giving us confidence in our full year performance. AUM is up 15% as at 30 June to £1.1bn (as at 30 June 2020: £962m).

Operational update

We have continued to expand our network of new business referrals and innovated to provide better solutions for our clients. These partnerships are important and form part of our strategy for supporting AUM growth. During the period our core business, Frenkel Topping Limited, the independent financial adviser for PI and Clin Neg awards, established a joint venture with leading personal injury law firm Pattinson Brewer.

The arrangement is the latest in our strategy to strengthen relationships with firms in the PI and Clin Neg space. Frenkel Topping will become Pattinson Brewer's preferred partner for clients who require investment advice post settlement and Pattinson & Brewer Financial Services will extend Pattinson Brewer's suite of services to meet the needs of the most complex client.

Both firms have earned reputations as experts in Personal Injury and offer a combined 160 years' experience in the professional services field. Established in 1890, and with strong links with the UK's trade unions, Pattinson Brewer works with the country's biggest trade unions but also directly with thousands of individuals after accident or serious injury.

Ascencia IM's investment solutions achieved attractive risk adjusted returns over the first six months of 2021. At the half year, assets under management (AUM) had grown by +28% to £606m. The investment management business's conservative multi-asset portfolio approach continued to deliver a smoother client investment experience, when compared to pure equity strategies alone. With elevated global geo-political risks and uncertainty prevalent over the period, Ascencia's distinctive investment approach found favour with new and existing investors.

Our Shariah compliant solution received notable inflows, in response to strong performance and the limited number of Shariah compliant offerings available in the UK.

Strategic update

Our strategy to consolidate the pre-settlement professional services market for PI and Clin Neg, as a route to further increasing the Company's AUM, has progressed well in the first half of 2021, confirming our expectations that a disciplined buy and build strategy would also yield high levels of organic growth. Our successful fundraising of £13m in July 2020 allowed us to pursue our vision of becoming the market leader in providing a full service offering to clients and claimants, particularly in the PI and Clin Neg marketplace. The opportunity in these two markets is significant; when combined, the PI and Clin Neg markets represent a total opportunity of c.£3.4 billion of AUM mandates per annum, in addition to the professional services required for such claims.

The acquisition and integration of Forths in 2020 provided a successful blueprint for us to use as we progressed with the strategic transformation of the PI and Clin Neg professional services market. Through the acquisitions of Partners in Costs, A&M Bacon and more recently, Bidwell Henderson, we have forged key pipelines for future AUM growth and financial advisory mandates. All acquisitions we have made are performing well and in line with expectations.

We believe that through the combination of a disciplined buy and build strategy and our continued efforts to grow our core business and deliver high-quality services to our clients, we are building a substantial business with considerable scale. This, in turn, will help generate strong and sustainable returns for our shareholders.

People

During the period, Frenkel Topping Group made a number of key appointments to support its strategy to own and control as many elements of the vertical supply chain as possible.

In January 2021, Right Honourable Mark Field was appointed as a Non-executive Director. A former MP and FCO Minister who, during his tenure in UK Parliament, represented the prestigious central London constituency of the Cities of London and Westminster, Mr Field also served as the Minister for State at the Foreign and Commonwealth Office and as vice-chair of the Conservative Party. Prior to this, Mark practised as a corporate lawyer at Freshfields and also set up, ran, and sold Kellyfield Consulting, a specialist legal recruitment company.

In February 2021, Zoe Holland was appointed as Non-Exec Director. Well respected and influential in the legal community, Zoe has over 25 years' legal and business experience and is currently managing director of ZebraLC, a multi award winning adviser to the UK legal sector, having founded the business in 2012. Zoe is recognised as a trusted advisor to law firms, banks, funders, ATE insurers, accountants and private investors looking for advice upon Work In Progress valuation, legal sector market knowledge, receivables risks, governance, financial and operational risk management including restructuring and turnaround. She has also advised in a number of the legal sector's highest profile PI and Clin Neg M&A deals, advising acquisitive law firms and private equity investors.

Also during the period, Professor Dominic Regan joined Frenkel Topping Group as Director of Training & Insight. Described by Court of Appeal Judge, Sir Rupert Jackson as 'The authority on my reforms', Professor Regan joined to

lead Frenkel Topping's training division, The KnowledgeHub, delivering expert training and development to legal practitioners across the country. In the first half of 2021, the KnowledgeHub has progressed as a valuable business development tool across all group businesses.

We appointed Niccola Irwin to lead a new Critical Care & Case Management division ("CCCM"). The CCCM division will provide key services to support individuals who have suffered severe and life-changing injuries whilst they pursue a compensation claim. Niccola has significant experience in growing this type of business and the Group will also look to add to the division through targeted acquisitions in order to scale rapidly.

Niccola has worked in case management for over 20 years. She joined Harrison Associates in 2004 and held various roles over a 16-year period, as well as undertaking case management and care/Occupational Therapy expert witness work for catastrophically injured clients.

Most recently, Professor Robina Shah MBE was appointed as Director of Wellbeing & Inclusion to support the business in gaining its B Corporations (B Corps) certification – an assessment that recognises the highest standards of verified social and environmental performance, public transparency and legal accountability in business.

Robina has an extensive public service record spanning over 25 years. She was appointed to her first NHS Non-Executive Director role in 1993 and was appointed Chair of Stockport NHS Acute Trust in 2007. Robina led the Trust to be one of the first of only ten NHS Trusts to be awarded Foundation Trust Status in 2004. When she completed her tenure, Robina was the youngest and longest serving Chair of an NHS Trust in England.

We are also pleased to welcome our new intakes into our Graduate and Apprenticeship Programme, with 5 new graduates and 5 apprentices joining our head office in recent times.

This has been a busy and successful period for the Group. We have a collaborative, positive and results driven culture which has held the business in good stead during these challenging times and I would like to thank all our people for their hard work, loyalty and dedication.

Dividend

The total dividend for 2020 was 1.36 pence per share (2019: 1.35 pence) to shareholders. The Board has reviewed the dividend and is mindful of the Group's earnings growth potential, future growth and M&A strategy. With this in mind, the Company will pay an interim dividend of 0.34 pence per share (2020 interim dividend: 0.32 pence). The interim dividend will be paid on 15 October 2021 to shareholders on the register at close of business on 1 October 2021 and the shares will trade on an ex-dividend basis from 30 September 2021.

Outlook

The second half of the year has begun positively, and we are trading in line with management's expectations for the full year. The Board is of course mindful of the ongoing effects of COVID-19, however we have a strong and agile business which has benefited from investment in the last two years. This has enabled us to deliver an excellent financial and operational performance and partially mitigate the risk the pandemic has presented. We have made significant progress against our new disciplined acquisition strategy and our aim to consolidate a fragmented PI and Clin Neg market, enabling us to scale routes into growing AUM mandates from successful claims. We look forward to the second half of the year and beyond with confidence and look forward to updating shareholders on further progress with the buy & build strategy.

Frenkel Topping is resilient and our balance sheet strength, depth of experience and focused strategy gives the Board confidence that we are well-positioned to navigate through a difficult market backdrop and, execute our stated roll-up strategy and deliver further shareholder value.

About Frenkel Topping Group:

The financial services firm consists of Frenkel Topping Limited, Ascencia Investment Management, Obiter Wealth Management, Equatas Accountants, Forth Associates, A & M Bacon Limited and Partners in Costs Limited.

The group of companies specialises in providing financial advice and asset protection services to clients at times of financial vulnerability, with particular expertise in the field of personal injury and clinical negligence.

With more than 30 years' experience in the industry, Frenkel Topping has earned a reputation for commercial astuteness underpinned by a strong moral obligation to its clients, employees and wider society, with a continued focus on its Environmental, Social and Governance (ESG) impact.

Through its core business, Frenkel Topping Limited, the firm supports litigators pre-settlement in achieving maximum damages, by providing expert witness services, and post-settlement to achieve the best long-term financial outcomes for clients after injury. It boasts a client retention rate of 99%.

The Group's discretionary fund manager, Ascencia, provides financial portfolios for clients in unique circumstances. In recent years Ascencia has diversified its portfolios to include a Sharia-law-compliant portfolio and a number of ESG portfolios in response to increased interest in socially responsible investing (SRI).

Obiter provides a generalist wealth management service - including advice on Savings and Investments; Tax planning; Life Insurance; Critical Illness and Income protection; Endowment advice and Keyman Insurance, with a particular specialism in financial advice on pensions and pension sharing orders for the clients of divorce and family lawyers. Obiter applies the same core principles of honesty, transparency, responsibility and reliability to individuals, regardless of background or situation.

In 2019, Frenkel Topping launched its accountancy arm, Equatas, to assist clients with tax planning and move closer to providing a full end-to-end service under the Group brand, improving the experience for clients and maintaining the Group's standards throughout the client journey.

In 2020 Frenkel Topping acquired Forth Associates, a specialist forensic accounting services business which assists in financial and legal disputes. The acquisition makes Frenkel Topping the largest independent provider of financial expert witness reports to the claimant marketplace.

Earlier in 2021 Frenkel Topping acquired A & M Bacon Limited a leading costs specialist in local government and Court of Protection, and Partners in Costs Limited who specialise in civil litigation claims, including personal injury (ranging from catastrophic injury to clinical negligence), professional negligence, commercial claims and court of protection costs.

Later in 2021, costs consultants, Bidwell Henderson. joined the Frenkel Topping Group of businesses. One of the UK's largest professional legal services companies specialising in both legal aid and inter partes law costs drafting, legal cashiering and costs training services, Bidwell Henderson are the go-to legal aid costs agency for drafting cost case plans where significant high-costs are involved in large scale and complex legal cases.
